To

The President,

City Municipality,

Bangalore City.

Respected Sir,

We deem it expedient and necessary to bring the following few facts to your kind consideration. We request that our humble appeal will not be treated lightly on the plea that we are young.

We recently read in some of the papers that the plot of ground between Mahila Seva Samaj and the National High School building in construction, has been given over to the Chamber of Commerce. The whole field was for a long time used for sports by the boys residing in Shankarpur, Basavanagudi and Visweswarapuram Extensions. Later on, at the one end of the field, space was given for the Mahila Seva Samaj building and recently at the other end the National High School building which is under construction. Hence we are making use of the space between them for our out-door games. If that space too is given out for the construction of a building, not only the Shankarpur Extension suffers from want of an open space -- to look after which there are better people than we -- but also we are deprived of a field for our most endearing games. We really do not understand how the authorities of the National High School raise no objection against the loss of a field by the side of their school which ought to be very convenient for the sports of their boys. This is by the way.

Our team "The Hindu Eleven" was founded in the year 1910 From that time onwards we have been conducting tournaments, Of them the names of some may be mentioned. --- The three

years

years rolling cup Tournament for Seniors and Sixers foot-ball xx tournament for Juniors. And every year we are celebrating team-days, on which the prominent gentlemen of the City have presided. Messrs. K. Shankaranarayana Rao, M.A., B.L., Government Advocate, Dr. C.B. Rama Rao and K.H. Ramayya, B.A.,Bar-at-Law., have been -- the Presidents of the teamday celebrations in the years 1923, 1924 and 1925. On the day of allotment of the fields for sports, two years back, a part of the foresaid field was given to us, i.e., "The Hindu Eleven People" by the Municipal Engineer himself. This is the only field we have for our games. The fields adjoining to the Reserve Police Head-quarters are reserved for use by the police authorities.

This being the case, if we are deprived of this field we have no other field where we can have our games. Consequently, Sir, we humbly request you not to give away our sports field for the --- erection of a building of the Chamber of Commerce. We hope, Sir, that our grievances in this matter will be heard and due attention paid to them.

We beg to remain,
Sir,
Your most obedient servants,

His Highness the Maharaja of Mysore,

Local and Legislative Departments,

B a n g a l o r e.

Ins 133-25-3

S i r,

With reference to your letter No. L. 5805/M1. 133-25-2 dated 26th February 1926, forwarding for report copies of the resolutions of the Basavanagudi Rate Payers' Association and of the public meeting held under the Chairmanship of Rajasabhabhushana Karpur Shrinivasrav, protesting against the resolution of the City Municipal Council in the matter of granting a site near the Mahila Seva Samaj to the Mysore Chamber of Commerce for constructing a building, I have the honor to state -- that initiative in the matter was not taken by the Municipal -- Council, but on a reference received from the Secretary to -- Government, Revenue Department, forwarding copy of letter No. 190 dated 9th September 1925 from the Chairman of the Mysore Chamber of Commerce and requesting that the opinion of the Municipal Council in the matter may be communicated. The subject was placed before the Municipal Council and considered at ---- length at 2 meetings of the Council held on the 14th December 1925 and the 23rd December 1925. Copies of the resolutions arrived at then, have already been submitted to the Government in the Revenue Department with this Office letter No. 117 dated -- 27th January 1926. Reference is kindly invited to para 3 of the above letter, in which mention has been made of the protest petitions

petitions in this connection and how they would be dealt with. The petitions now sent for report are copies of the petitions ceived in this Office. All the protest petitions were duly pl before the Council at the meeting held on the 13th February 19 and in conformity with the opinion of the majority of the Coun lors, copies thereof were forwarded to Government with my lett No. 100 dated 1st March 1926.

2. From the proceedings and the resolution of the Counc dated 23rd December 1925, it will be seen that the recommendat made by the former is in the alternative and that the grant of a site near Mahila Seva Samaj had to be considered, only if the other site mentio in the resolution could not be granted. The present decision of Municipal Council to merely forward the protest petitions to G -ment, makes it clear that the Council, having already expres opinion as regards the grant of a site to the Chamber of Comm are not prepared to express any opinion as regards the protest petitions and the matter therefore is left for the disposal of Government entirely.

I have the honour to be,

Forwarded with compliments,

Honorary President.

The following proposition was placed before the meeting by Mr. Venkatanaranappa seconded by Mr. K.G. Shama Rao:-

That this meeting of the citizen of Bangalore consisting principally of the residents of Sankarpur , Basavangudi and neighbouring Extensions and of the adjecent portions of the City, respectively submit to the Government of His Highness The Maharaja of Mysore tha the City Municipal Council have erred in their decision to allot to the Chamber of Commerce, for building purposes, a plot of land on the rectangle in the Basavangudi Extension, to the west of Fort Centre Road which had been reserved for a park or playground since the starting of the Extension, and portions of which have somehow recently been given for building a school, at each end of the plot; and that this meeting prays that the Government may be pleased to veto the said decision of the City Municipality , and order that the plot in question situated between the two school buildings may permanently be reserved as a play-ground for boys.

At this stage Mr. Karnik Krishnamurty proposed that the site already granted by the Municipality for building the National High School sh be got celled and as the rpopos was not

eti is was ruled

ruled, as out of order, by the Chairman. 2

Mr. Raghavandra Char proposed that the Resolution proposed by Mr. Venkatanaranappa should mention that as an alternative, the site near Kichetty Chatram may be granted to the Chamber of Commerce . This was also disallowed by the Chairman as it was not for the meeting to make such proposals.

The proposal of Mr. B. Venkatanaranappa was put to vote and was carried by a large majority 33 (including Mr. Channiah's written concent) voted in favour of the proposition and 9 against it.

It was also resolved that the Chairman be authorised to take all further action by way of submitting the resolution for consideration of Government and by asking their permission for representation of the objects of this meeting by a deputation to Government.

The meeting was then disolved with a vote of thanks to the Chair.

To
The Chief Secretary
to the
Government of H.H. the Maharaja of Mysore,
Bangalore.

Sir,

I am directed by the Executive Committee, for favour of consideration by the Government of H.H. the Maharaja of Mysore, copy of a resolution passed at an extraordinary meeting of the members of the Basavanguḍi Rate Payers' Association, held at the Basavanguḍi Union on the 11th January 1926.

I may be permitted to submit that the plot of land in question (viz. the rectangle to the west of the Basavanguḍi Post Road, at one end of which the Mahalakshmi Devi's temple is located) had been originally reserved by the Government for a Park or a Playground, and that the City Municipality sometime granted permission to build a School at each end of the plot. Now that the original intention of the Government had been frustrated to some extent the Municipal Council wants to go still further and allot out of the remaining ground plots for building purposes. The piece of land in question is being used, for a long time, as a playground by the boys of the City and of the Extension, on account of its central position

position. No other piece of land to serve such a useful purpose is to be found in a central locality, in this part; and it would therefore be highly injurious to the interests of our boys to give even a small portion of this plot for building purposes.

Under these circumstances, the Basavanpudi Rate-Payers' Association begs that Government may be pleased to order that the whole of the piece of land in question may be permanently reserved as a play ground for boys.

I have the honour to be,
Sir,
Your most obedient Servt,

A. Venkatarama Iyer

* Resolution -

"That this meeting of the members of the Basavanpudi Rate-payers' Association respectfully represents to the City Municipal Council that they may kindly reconsider their decision to grant to the Chamber of Commerce, for building purposes, a piece of land between the Vedavilasa Samaja building and the National High School building, on the Rectangle in the Basavanpudi East Road, in view of the fact that this piece of land is the only one situated midway between the old city and the extension available for games to students, and the Association hopes that the Municipal Council will rescind their order on the subject."
